Chinese medicine is based on traditional Chinese social history and cultural background of the medical system. also known as traditional Chinese medicine. Unique theory of Chinese medicine. self-contained. literature. valuable experience. and effective. Thousands of years. Chinese medicine multiplication and prosperity of the Chinese nation no doubt an important role. also made important contributions to health for all peoples of the world and the world of medicine. With social progress and development of the times. the peoples of the world demand for Chinese medicine is increasing. knowledge of Chinese medicine spread rapidly worldwide. and application of Chinese medicine disease prevention and treatment have been gradually more ethnic groups in the pharmaceutical industry in many countries and regions flourish. the trend of internationalization of Chinese medicine is increasingly apparent. Acupuncture. Chinese medicine. and medical management into the legal system has in some countries (regions). In the process of internationalization of Chinese medicine. the international standard system of Chinese medicine is very important. personnel standards is one of...

Reviews

Good eBook and helpful one. It really is written in straightforward words and phrases and never confusing. I am just effortlessly could possibly get a enjoyment of looking at a published book.

-- **Romaine Rippin**

The book is great and fantastic. it absolutely was written very properly and beneficial. It is extremely difficult to leave it before concluding, once you begin to read the book.
