It has a good selection of problems that illuminate and reinforce concepts, as well as providing up-to-date information on the latest technological innovations. Real-world emphasis is key to the continued success of this text and the success a student has in understanding surveying concepts - so real world, in fact, that it is often carried by graduates into their first day of work. Suitable for construction, civil technology, civil engineering programs, and general surveying. 816 pp. Englisch.
