## Cardiopulmonary Physical Therapy: Management and Case Studies (Hardback)

By W. Darlene Reid, Frank Chung, Kylie Hill

SLACK Incorporated, United States, 2013. Hardback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. *Cardiopulmonary Physical Therapy: Management and Case Studies, Second Edition* is a unique and succinct textbook for the classroom that blends clinical notes on assessment and management together with case-based instructional approaches to cardiopulmonary care for acute and ambulatory care patients. This one-of-a-kind text describes current approaches that cover traditional physical therapist management strategies and includes evidence-based chapters on early mobilisation and exercise training on a wide range of cardiopulmonary patient groups. The updated Second Edition presents twenty-four cases that were designed to complement each chapter topic and represent the most common pulmonary, cardiac, and neurological conditions that are typically managed in cardiopulmonary care. These cases have been carefully selected and developed over several years to illustrate a spectrum of clinical issues essential for the preparation of the entry-level therapist. The very interactive nature of the case history approach is engaging and provides the opportunity to work through many of the steps of the clinical decision-making process. *Cardiopulmonary Physical Therapy: Management and Case Studies, Second Edition* also includes answer guides for the questions posed in the assessment and management chapters, as well as for...
