Inner Traditions Bear and Company, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. By understanding the chakras, you can better understand the ways you interact with the world around you and the energetic roots of your inner being. Offering an in-depth guide to this powerful ancient yogic science, authors Victor Daniels, Kooch N. Daniels, and Pieter Weltevrede--all longtime students of the late tantric scholar, philosopher, and temple artist Sri Harish Johari--explain the essence of each of the 7 chakras and provide practical tools to work with these energetic wheels of light. Revealing how each chakra is connected with specific patterns of thinking, feeling, sensing, and acting, the authors explore how the chakras offer a vertical map of consciousness beginning with the root chakra at the base of the spine and ascending to the crown chakra on top of the head. They provide dynamic meditations, mantras, and other methods to work with the chakras. You will learn how to enhance each chakra's positive features and transform the difficult ones. You will discover the complementary ways they affect each other, the gifts and strengths each can bestow, and the psychological causes of potential imbalances within them.
