

## Quick Easy Medical Terminology

By Peggy C. Leonard

Elsevier - Health Sciences Division, United States, 2016. Spiral bound. Condition: New. 8th Revised edition. Language: English . Brand New Book. Read, write, and speak medical terms in no time with Leonard s Quick Easy Medical Terminology, 8th Edition. Ideal for one-semester courses and self-study, this clear, concise text covers disorders, diagnosis, and treatment with a strong focus on anatomy for an integrated discussion of each body system. Small bits of information are presented then immediately tested for comprehension using a combination of programmed and traditional review questions. With new case studies, terms, and photos, plus help from the companion Evolve site, Quick Easy Medical Terminology provides you with simple tools for good communication in the health care environment. Brief explanations and a focus on basic word-building skills make this text perfect for shorter, one- or two-credit medical terminology courses or self-study. Moderate anatomy and physiology coverage offers just the right amount of anatomical information to support the terminology presented. Programmed learning improves your comprehension by offering immediate feedback. Review exercises integrated throughout lesson material enable you to test your knowledge and retention of material more frequently for quick reinforcement. Medical reports with review exercises allow you to study terminology in documents similar to...
