TIMOTHY CRACK, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. THIS IS A MUST READ! This pocket edition contains a careful selection of 75 of the best quantitative questions collected from actual job interviews in investment banking, investment management, and options trading. The interviewers use the same questions year-after-year, and here they are with detailed solutions! Note that there is also a pocket edition available of non-quantitative questions and brain teasers (the former without solution, and the latter mostly with solutions), taken from the same interviews (ISBN 978-0-9941-38-2-6). The questions in these pocket editions are a careful selection taken from the full sized edition of Heard on The Street: Quantitative Questions from Wall Street Job Interviews (ISBN 978-0-9700552-9-3; now in its 14th edition after 18 years in production). The full size edition is the first and the original book of quantitative questions from finance job interviews. It has been painstakingly revised over 18 years and 14 editions, and has been shaped by feedback from many hundreds of readers. With over 50,000 copies in print, its readership is unmatched by any competing book. This pocket edition contains a revised section on interview technique based on Dr. Crack's experiences interviewing candidates and also based on feedback from interviewers worldwide. Note that the questions in this book come from all types of interviews (corporate finance, sales and trading, quant research, etc.), and from all levels of interviews (undergraduate, MS, MBA, PhD). Dr. Crack has a PhD from MIT. He has won many teaching awards, and has publications in the top academic, practitioner, and teaching journals in finance. He has degrees/diplomas in Mathematics/Statistics, Finance, Financial Economics and Accounting/Finance. Dr. Crack taught at the university level for over 20 years including four years as a front...
