ICD-10-CM Quick Learn (Quick Learn Guides)

By Randall A. Simmons

Quick Learn Guides. Paperback. Condition: New. 414 pages. Dimensions: 10.0in. x 7.0in. x 0.9in.FORGET MEMORIZATION! This interactive study guide, with pro-level tips and interesting scenario-based exercises, is the one essential tool you need to master the often-confusing new ICD-10 conventions and guidelines. This unique dont-sweat-it style of learning cuts to the chase and simplifies learning while progressing from basic concepts to more difficult scenarios. LEARN BY DOING. Youll jump right in, using the ICD-10-CM from the very beginning. More than 1500 exercises not only provide the answers immediately, but also show the step-by-step process and reasoning in selecting exactly the right code. SCENARIO-BASED EXERCISES. Each chapter ends with challenging exercises to practice the new learning. QUICK QUIZZES. scattered throughout the text reinforce learning from previous chapters. HALF-TIME AND FINAL REVIEWS offer excellent practice and self-evaluation. Youll enjoy ITS ALL GREEK (OR LATIN) TO ME! A surprisingly simple technique of graphics and exercises to demystify long, foreign-sounding medical terminology. Without memorization, youll employ your new understanding of hundreds of common Greek and Latin prefixes, suffixes and root words to decipher multi-syllable body parts, conditions and diagnoses. SIZZLING HOT TIPS. Pro-level insights that set expert coders above the rest. TAKE NOTE! Bold...

Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.
-- Mr. Grant Stanton PhD

A whole new eBook with an all new standpoint. It is actually rally fascinating throgh reading through time period. You wont truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).
-- Claire Bartell
