Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This brief story has been nominated for the 2012 Hugo and Nebula Award. When her concerned parents investigate a treatment that could change her life forever, Hannah s world is thrown into turmoil. Unable to speak -- at least not in ways most people can understand -- Hannah struggles to face the question of who she really is, and who she wishes to become. Originally published in the March 2011 issue of Asimov s Science Fiction Magazine, Movement was marked Highly Recommended by Lois Tilton of Locus Reviews. Mundane-SF called it the best story I have read so far this year, and SFRevu called it a truly fine story. It is quite short, easily readable during a half-hour lunch break, and interweaves Hannah s sincere narrative with concepts drawn from neurology, entropy, social evolution and chaos theory.
