Through the Doors of Perception to Heaven Via the Rose Way Meditation: Ascend the Sacred Chakra Stairwell, Develop Psychic Abilities, Spiritual Consciousness, Intuition, Energy Channeling and Healing (Paperback)

By Dana Williams

Attunement Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Dana Williams studied the Rose Way meditation with Joe Koperski, a widely recognized psychic and meditation teacher working in Los Angeles in the 1960s and 70s. In time, through this practice, Williams developed psychic skills such as the ability to see auras, to sense energy forms, to engage in remote viewing, and to channel strong healing energies. This book offers a very clear, concise summary of exactly how to perform this profound and somewhat advanced form of meditation, including a technique to pass through the eighth chakra portal to the White Level, where we can link with our spirit self, meet with our personal guides, receive renewing energies and come into higher attunement. When we personally and intimately experience unexpected dimensions of consciousness, by literally passing through our inner doors of perception to reach the spheres of light and oneness, we naturally experience a fundamental shift in our perception of self, of purpose, and of life itself. This experience is available to those who commit a modicum of time to learn and practice this transformative meditation.
