Special Interest Model Books, United Kingdom, 2011. Paperback. Condition: New. UK ed.. Language: English . Brand New Book. Making a major purchase of a lathe, a milling machine or combination lathe/mill, whether manually operated or using computer numerical control (CNC), is a daunting prospect for any model engineer. This book provides practical advice on how to make the selection bearing in mind the particular needs of the individual. It provides descriptions and technical data about the wide range of machines and accessories available from UK, European, American and Far East manufacturers. It also looks at the many different types of tooling fixtures and accessories that may be required. This book will be welcomed by all model engineers who are setting up a home workshop or planning a major equipment acquisition.
