Parents all over the world who care about their children's mental health will want to read this book. I was shocked when bipolar struck my youngest daughter. She was 16 years old. Once I received that devastating diagnosis, I devoted all my waking hours to caring for her. I worked tirelessly until I received successful results. Like any other illness, knowledge and early detection of bipolar disorder is vitally important to prevent years of pain and hardships. Unfortunately, the symptoms during the early stages were truly deceptive and confusing. They were unsuspecting and gradual, which made it impossible to detect them as the beginning signs of mental illness, or differentiate them from those turbulent teenage years. The book provides an overview of my experience as the medical conditions with my daughter developed. It details her coping and recovery process. It also provides useful information along with references for further information about bi-polar disorders. It is impossible to imagine a journey into a life with bipolar disorders. It is a journey happening to someone else's sons and daughters. It is a journey that is, at times, embarrassing to tell. It is a journey that is all too heart breaking. At times, I felt that death would have been more comforting than living with the struggles and heartbreaks of seeing my daughter in turmoil day after day. Immediately after receiving the diagnosis, I researched everything that I could find about bipolar. I pulled out old magazines and books. I started reading and learning everything I could find. I went to the public library, and did research. I then cross-referenced all my research materials to ensure I had correct, accurate and...
