## THE SELF-SUFFICIENCY HANDBOOK: YOUR COMPLETE GUIDE TO A SELF-SUFFICIENT HOME, GARDEN, AND KITCHEN (PAPERBACK)

DOWNLOAD PDF

I-5 Publishing, United States, 2018. Paperback. Condition: New. Language: English . Brand New Book. Worried about ever-rising fuel bills and longing for the day when you can be off-grid and independent? Anxious about the quality of the food you eat and planning to go organic? Yearning to get back to the way it was but don t know where to start? This book will show you how to achieve the eco-friendly good life. The authors cover the ecological gamut from geothermal heating to crop rotation to soap making. They answer important questions like how much land is really needed to be self-sufficient, whether or not to depend entirely on natural forms of energy, and which farm animals will best meet your needs. There s practical information here on building an insulated flue pipe chimney, identifying edible wild plants and composting with worms-as well as recipes for jams, rhubarb wine, cheeses and more. Packed with full-colour photographs, helpful illustrations and diagrams, The Self-Sufficiency Handbook will appeal to urban dwellers who want to adopt certain aspects of greener living and to serious adherents of back-to-basics living.
